Painted Vehicles

Whilst all care and due diligence will be undertaken by Branded Kiwi Ltd during the application and or removal of your vehicle's vinyl signage, we accept NO CLAIM FOR DAMAGE OR REASONSIBILITY for any peeling or flaking of the vehicles paint finish during the application or removal process, due to poor / substandard paintwork.

Fibreglass Vehicles / Boats

Bubbling or flaking of applied graphics to fibre glass due to Osmosis or sub straight water contamination voids any and all product or application warranties. Application/removal of vinyl's to fibre glass surfaces is undertaken completely at the customers risk, Branded Kiwi Ltd will accept no claim or responsibility for graphics applied to these surfaces.

The vinyl's we use are designed for automotive use and applied as per manufacture specifications which allows for the paint surface they are applied to, to be of sound and acceptable standards.
